Pacific Rigging Loft, provides expert installation and testing of rigging products by our second to none riggers who are highly experienced in all aspects of rigging from architectural railing to ship rigging. We specialize in all aspects of rigging wire rope, chain, architectural cable railing etc. We also stock a wide variety of rigging hardware, connectors, slings, eye bolts, toggle pins, lift assemblies, tools and safety equipment harnesses. We also offer rope dyeing, rope coloration and netting.

We have been a manufacture of wire rope assemblies for over 80 years. We are specialists who have produced assemblies for countless applications. Our shop is equipped to handle all of your rigging and railing needs, from stainless steel, galvanized wire rope to nylon/manila rope. We have an in-house testing facility for various applications from obstacle course rope to structural cables.

We provide quotes from structural cable railing, testing, wire rope products and installation to tow truck/ lift truck cable replacement. Our intent is to give our customers the best possible quality and service for the best price.
